

Commend a Police Officer or Staff Member

The Holly Hill Police Department is excited to announce an innovative program in order to help recognize the extraordinary work our police officers and civilian staff perform daily.

Historically, the Holly Hill Police Department has identified outstanding dedication and service through the process of nominating an Officer/Employee of the Quarter or through a commendation during a specific incident.

We will continue to do that, but now...we will allow members of the public to nominate officers and staff for providing outstanding dedication and service. If you would like to nominate a Holly Hill police officer or civilian staff member for providing outstanding dedication and service, please email ourhero [at] hollyhillfl.org.

Be sure to provide a detailed explanation. Members of the Command Staff will review emails and make appropriate selections. (Please remember that all emails are subject to public records laws. Do not report crimes as this email is not monitored 24-hours a day, and do not send complaints through this forum.)

And remember....
