

Pollution Prevention

News Release Date

01-11-2022

On Thursday, January 27, 2022, the Public Works Department will hold (2) meetings to discuss non-point source water pollution. This is an opportunity to learn about how you may help in pollution prevention and is a forum to discuss and comment on current public stormwater issues. This can include discussions pertaining to stormwater drainage issues, stormwater protection as well as stormwater related projects and budgets.

The meetings will be held at 3:30pm and again at 5:30pm at the Club House, located directly behind City Hall at 1065 Ridgewood Avenue. Reservations are not required for this event, but are encouraged as seating is limited. Please direct all inquiries to Steven Juengst at [sjuengst \[at\] hollyhillfl.org](mailto:sjuengst@hollyhillfl.org) or call the Public Works Administrative Office at (386) 248-9463.
